

After donating a kidney, one living kidney donor had this to say:

“One thing that I had not anticipated was the deep emotional and spiritual impact all this had on me... I guess I was sort of overwhelmed by all that had happened: the enormity of giving life to another through donation, the wonderful expressions of professional and personal care I had received, the sufferings of so many other folks in the hospital...”

I am Eric Myrvaagnes and I need a kidney transplant.

If you, too, want to consider donating a kidney to save a life, please act on my behalf and call the kidney donor program at Mass General Hospital:

877-644-2860 or 617-643-7193

or visit their donor program website:
